

The Update

April 2025

Over the next few weeks Emma Kamphaus, Program Manager EAO, will be diving into different topics that explore how epilepsy impacts people's lives from diagnosis to treatment options and everything in between. Whether you or someone you know is living with epilepsy or if you are just looking to learn more, these mini series are designed to give you the information you need in bite-sized easy to digest segments.

In this first video, in order to celebrate Women's History Month, Emma focuses on women in epilepsy.

Memorial Golf Tournament

TAYLOR HUTH SCHOLARSHIP FOUNDATION

Friday, June 13, 2025
Vineyard Golf Course, Cincinnati, Ohio

The Taylor Huth Memorial Golf Tournament is an annual event that benefits Epilepsy Alliance Ohio and remembers the fun-loving spirit of Taylor Huth, who began having seizures in high school and died at an early age. In spite of being challenged with epilepsy, Taylor was a good-natured young man who would do anything for anyone and was committed to life.

Join Taylor's family and friends in helping those who have epilepsy continue to live each moment to the fullest and celebrate Taylor's joy for life, friends and golf! A portion of the proceeds from this event benefit the Taylor Huth College Scholarship Program for young adults with epilepsy.

1 in 26

To raise awareness of the fact that 1 in 26 people will be diagnosed with epilepsy sometime in their life, Epilepsy Alliance Ohio is proud to partner with the Flying Pig Marathon to bring this point home. At the marathon on May 4, which covers 26 miles throughout Cincinnati, we are putting together a team of 26 runners who have epilepsy to each run one mile. The final mile of the marathon will be walked to recognize and honor the pause in life that seizures can cause people living with epilepsy. The entire team will then all gather for the final 0.2 miles of the race, crossing the finish line together in support of one another and the entire epilepsy community. We think this will be a powerful witness for our community and show everyone that epilepsy does not have to stand in the way of achieving your dreams.

S.M.A.R.T. Program

Managing Life with Epilepsy: An 8-Week Virtual Course

Are you an adult living with epilepsy or do you know someone who is? Would you like to learn strategies to help improve your quality of life? Epilepsy Alliance Ohio is holding virtual 8-week, one hour per week, classes for adults with epilepsy focused on practical strategies for managing both physical and emotional well-being.

Each week, group leaders highlight different topics in wellness for epilepsy. Participants have an opportunity to share their experiences living with epilepsy and learn from each other. Groups will be limited to 10 participants and participation is free of charge.

Upcoming 2025 Sessions:
May 6 to June 24
September 9 to October 28

To enroll and/or be added to the waiting list, please go [here](#) or contact Patty Trotta at 513-721-2905 or patty.trotta@epilepsy-ohio.org.
